Physiotherapist - Cancer Rehabilitation | Bondi Junction

Location: Bondi Junction, Sydney | **Work Type:** Permanent Full-Time or Part-Time). **Classification:** Healthcare & Medical > Physiotherapy, OT & Rehabilitation

Build specialist expertise in cancer rehabilitation with structured mentorship by one of the leaders in this field, protected admin time, and meaningful clinical impact.

About Oncology Recovery Services (ORSI)

Oncology Recovery Services (ORSI) is a specialist private clinic in Woollahra (near Bondi Junction station) dedicated to evidence-based cancer rehabilitation. We help individuals restore function, confidence, and quality of life during and after cancer treatment.

As our service grows, we are seeking a passionate Physiotherapist with strong clinical foundations who wants to develop true specialist expertise in oncology care within a supportive, progressive team.

Why Join ORSI?

- **Protected Administrative Time:** Dedicated hours built into your weekly schedule for documentation, planning, and case discussions.
- **Structured Mentorship & Learning:** Weekly clinical education, case reviews, and direct mentoring.
- **Supported Professional Growth:** Negotiable CPD allowance plus future leadership and research opportunities as the clinic expands.
- **Prime Location:** Modern clinic located just a 2-minute walk from Bondi Junction Interchange (bus & train).
- **Work-Life Balance:** We understand the importance of flexibility and one of the ways we support this at ORSI is by offering flexible and part- time working arrangements with negotiable working days, depending on the role and the needs of the practice.

The Role

You will combine manual therapy, exercise prescription, patient education, and individualised rehabilitation planning to manage the physical impacts of cancer treatments.

INTEGRATIVE REHABILITATION CENTRE

- Perform detailed patient assessments and design evidence-based rehabilitation plans.
- Support recovery across various treatment stages and help patients achieve functional goals.
- Participate in multidisciplinary case discussions, research initiatives, and community programs.

What You Bring

- **AHPRA Registration** as a Physiotherapist with unrestricted Australian work rights.
- Strong foundations in manual therapy and exercise-based rehabilitation.
- A genuine passion for oncology care and a drive to develop specialist skills.
- **Lymphoedema Qualification:** Recognised lymphoedema training is required. *(Clinicians without this training are still strongly encouraged to apply, however completion of an approved course prior to or upon commencement is required).*
- Excellent communication skills and a collaborative, patient-centred approach.

How to Apply

If you are ready to build a meaningful career in cancer rehabilitation, we would love to hear from you.

Please submit your CV and a brief cover letter outlining your interest in oncology care via SEEK or email **lyndsey@orsi.au**.
